

CASE STUDIES

IT Development Center Setup/ Taxation , Book Keeping/ Incorporations And Licenses / Business Process Management/ Subsidiary, SPV Setup

Case Studies

The case studies are presented for the two Business Segments that Datapalm Operates. Each case study is classified into “industry” which the client operates in.

- **Finance and Accounts Management (F&A)**

1. Energy Sector Company
(NASDAQ Listed)

Energy

- **Energy Sector:**
- A NASDAQ Listed global player in energy technology and engineering innovation- USA.
- **Problem:**
- The corporation was looking for an expert agency for setting up its India operations , legal entity and IT Development centre.
- The company tried on its own landing up facing a number of challenges while trying to operate in India.

Energy

(continued.....Energy)

- **Solution:**
- Datapalm studied the requirements thoroughly.
- Came up with the best possible option for the company.
- Datapalm advised the right form of entity viz: an SPV instead of Subsidiary. The arrangement proved to be most suitable, simplest to operate and saved \$50,000+ right from the Year 1 for the company.
- Datapalm setup the IT captive for the company and is managing it successfully.
